MANAGEMENT DISCUSSION AND ANALYSIS

Economic Review

It has been more than three years since the pandemic began but the world continues to face regular disruptions with several COVID-19 variants. However, the world is returning to normalcy on the health front, in large part due to rising vaccination. Concerted policy response from governments as well as central banks over the past two years has helped mitigate demand destruction and job losses inspite of this unprecedented pandemic. We are now faced with the challenge of spiraling inflation in many developed economies which is likely to lead to tighter monetary policy, crimping demand and giving rise to macro-economic uncertainty. To add to this, the Russian invasion of Ukraine has led to significant loss of life and large scale human suffering. Further, the war is continuing to cause damage to global supply chains, particularly in fuel and food, further exacerbating inflationary pressures and increasing pressure on emerging economies.

The real estate sector continues to grow at a scorching pace. With the entering of new global property developers into Indian market during the past few years, India offers a good opportunity in the real estate sector.

While the short-term outlook seems challenging given external supply shocks and geopolitical tension, we do believe the government is doing the right things to ensure a sustainable growth path for the country. The union budget presented this year was very supportive of the long-term growth of the real estate sector in India through its focus on urban infrastructure and the digital economy. The government's sharply expanded capital expenditure target for the year is expected to create job opportunities and higher economic activity.

Real Estate Sector

India's real estate sector in general and the housing segment in particular, has shown quick recovery from the Covid- induced crisis. The second wave was much more severe with a far higher number of casualties. However, its impact on the real estate sector was short-lived. With lessons learnt from the first wave, developers have dealt better with the second wave especially with respect to online real estate sales and managing worker shortages. The residential sector has shown healthy growth after several years of slow down

At the same time, the pandemic has led to a paradigm shift in the attitude of customers towards residential properties. The uncertainty caused by the pandemic has reinstated the importance of home ownership. New trends emerged as a result of the pandemic such as preference for larger sized apartments, inclination towards reputed developers and a rising demand for township projects.

While the residential segment witnessed strong revival, the recovery for commercial sector has been moderate. The biggest challenge to office space demand has been the work from home trend, while local restrictions and delay in consumption recovery has been a challenge for the retail real estate sector

Government Initiatives

The union budget presented this year was supportive of the long-term growth of the real estate sector in India through its focus on urban infrastructure and the digital economy. The Government's rising focus on infrastructure capex will create a backdrop of opportunity for the real estate sector. Some of the key measures include Housing for all, Urban Development Plan, Digitalization of Land Records, Withdrawal of Interest Deduction Benefit for Affordable Housing etc

The Central Government continued its focus on boosting availability of affordable homes under the Pradhan Mantri Awas Yojana (PMAY). The establishment of the Special Window for Affordable and Mid-Income Housing (SWAMIH) fund proved beneficial in enabling completion of stuck projects by providing last mile funding for such projects. The completion and turnaround of such stuck projects may be a sentiment booster for the industry.

Operational Review

During the year under review, the turnover of the company has increased to Rs.4024.05 Lakhs as compared to previous year turnover of Rs. 3,601.92 Lakhs, the profits has increased to Rs.134.89 Lakhs as compared to previous year Profit of Rs. 29.98 Lakhs, The Earning per Share ('EPS') for the year is Rs. 0.29 as compared to Rs. 0.54 in the previous year..

Opportunities

The pandemic has nudged a lot of fence-sitters to convert into first-time home buyers and existing ones to upgrade to larger homes by re-establishing the security that homeownership offers, resulting in rising housing demand across segments. Demand for quality housing is immense in India and long-term structural drivers of consolidated supply and growing demand with moderate price growth are in place. An expected economic recovery along with the belief of housing prices bottoming out amongst consumers and rising income levels are some of the factors which will drive the housing demand going ahead.

Risk and Threats:

Though the industry is in the early stages of a multi-year up cycle, we continue to keep a watchful eye for any of the following challenges which, if they fructify, will impact this upward trajectory:

- High input cost increase due to geopolitical tensions or otherwise
- Steep increase in interest rates in general and mortgage rates in particular
- Significant economic slowdown in India

Segment Wise or Product Wise Performance

The Company is operating in a single segment and has only domestic sales. Therefore the requirement of segment wise reporting is not applicable.

Internal Control Systems and Adequacy:

The Company has an appropriate internal control system for its various functions with the ultimate objective of improving efficiency in its operations, better financial management and Compliance with regulations and applicable laws and providing protection against misuse or losses from unauthorized use or disposition.

An internal control framework to ensure all assets are safeguarded and protected against loss from unauthorized use or disposition, and transactions are authorized, recorded and reported correctly. The framework includes internal controls over financial reporting, which ensures the integrity of financial statements of the company and reduces the possibility of frauds

Human Resources

The Company provides a work environment that encourages free expression of opinion, decision making and responsible execution of the task. We are committed to attract, retain and recognize talent. Being entrepreneurial in spirit, we encourage fresh minds and innovative ideas. We believe that our integrated yet decentralised way of working provides our employees with the opportunity to develop leadership capabilities and business acumen. They gain valuable insights by balancing professional knowledge with perspectives learned through industry experience and customer relationships

Business Outlook

Post-pandemic, developers have moved away from the traditional way of doing business and rightly focused on end-user customer demand with a strong focus on innovation and digital transformation. We believe FY 2023- 24 will witness a healthy sales momentum backed by solid structural foundation, sustained demand and relatively affordable mortgage rates. Financially strong and reputed developers with superior execution capabilities stand to benefit disproportionately from the ongoing cyclical upturn.

We expect to further scale our sales momentum in FY 2023-24, given our exciting launch pipeline and robust balance sheet. We look forward to adding a projects to our portfolio in FY 2023-24, which is amongst our top priorities and which will enable us to grow rapidly going ahead.

Cautionary Statement

Statement in the management discussion and analysis describing the company's objectives, estimates, projections and expectation may be forward looking statements within the meaning of applicable laws and regulations. Actual results could differ materially due to economic conditions effecting demand, supply, prices, change in government policies, tax laws and other incidental factors.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current year. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information other than the financial statements and auditors' report thereon

The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's responsibility for the financial statements

The Company's board of directors is responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Rules, 2016, as amended from time to time, and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The board of directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high

level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters.

We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication

Independent Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of M/S. **RAINBOW FOUNDATIONS LIMITED** ("the Company") as of 31 March 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls

over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected.

Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
